Approval of minutes: moved by MC, second by MF; yay 7 (1 abstention)

Approval of agenda: moved by TJ, second by AL; yay 8

Housekeeping: GoTeam members need to fill out background check info and update email status to APS email account

II. Discussion Items

- a. Goal Setting for Strategic Pillars
 - a. Align with APS framework
 - i. Identify for each element how it would be measured
 1. Achievement gap = Achievement Gap CCRPI
 2. Remove barriers to student engagement

Performance measure = student engagement; (why? – create an encouraging, caring culture where students feel comfortable communicating); strategies = mentoring program,

Finish out the rough draft in Google docs, work on mission and vision in November and finalize in December.

- b. Changes to district grading policies have caused some concerns – revised in 2014, then revised again over this past summer: 1. Not grading students on non-academic goals (eg. meeting the deadline); 2. Students who have not demonstrated mastery should have opportunities for re-teaching and reassessment
Inman: second assessment score stands and everyone has the ability to reassess
Will track this grading policy for this year.

Meeting adjourned at 6 pm.
