<b>Make your own apps with App Inventor!</b>	Georgia Institute of Technology	High School: Rising 9th graders - College Freshmen	\$185	Georgia Institute of Technology Campus	Have you ever wanted to create an application for your Android mobile phone, but don't have any programming experience? That's okay, because no experience is needed! With App Inventor, just drag-and-drop the programming blocks together like a puzzle to make the user interface and program. It's that easy! You can learn how to write music apps, apps that tell your fortune, and more. Never wonder again if there's an app for that, because you'll be able to create your own!	<a href="http://cweb.cc">http://cweb.cc</a>	ice.programs@gatech.edu	N/A
<b>Music and Dancing with PicoCrickets and Scratch</b>	Georgia Institute of Technology	Middle: Rising 6th - 8th graders	\$228	Georgia Institute of Technology Campus	Would you like to create a story, interactive art, or a 2D game like pong? Would you like to make a musical pickle? Would you like to see how fast you react to a sound or a light? During this week of camp you will use free software from MIT called Scratch to create 2D animations and games.	<a href="http://cweb.cc.gatech.edu/">cweb.cc.gatech.edu/</a>	ice.programs@gatech.edu	N/A
<b>Musical Theatre Camp</b>	Georgia Institute of Technology	Multi: 8 -14 years old	\$275	Georgia Institute of Technology Campus	In the Musical Theatre Camp (June 10-14, 2013), the campers learn to use their voices and bodies as instruments of expression as well as tools for theatrical character development. This camp also focuses on choreography, contemporary performance dance and how to use your voice in a large performing arts theatre. The camp will end with a Cabaret Show completely produced by the campers and open to all parents and friends.	<a href="http://www.ferstcenter.org/dramacamp">http://www.ferstcenter.org/dramacamp</a>	ice.programs@gatech.edu	(404) 385-4219
