

**Inman Yearbook Club Application 2017-18**

Students name: \_\_\_\_\_

Grade: \_\_\_\_\_

The Inman Yearbook Club is responsible for creating a yearbook that covers as our student population, events, sports and clubs for the school year. There are many skill sets that are needed for the successful production of the yearbook. The club meets once a week (either before or after school) once a week. Students are assigned events to photograph, pages to design and complete. The club has two digital cameras that are assigned out as needed to the students. The students are responsible for the equipment, which means not losing items and keeping the cameras safe. Parents will be asked to reimburse PTA for equipment if student breaks or loses items they signed out. Production of the yearbook starts in September and ends in February. There may be times where students will need to work on yearbook at home or on the weekends to complete their assigned pages.

Why do you want to the part of the yearbook team?

What skills do you think will enhance the club (organization, design, creativity, etc.)?

Do you have access to a computer and email at home or other access?

I \_\_\_\_\_, agree that I will try my best to complete my yearbook assignments, attend yearbook meetings, and communicate in advance schedule conflicts, and take good care of club equipment.

Student Signature: \_\_\_\_\_

Parent Signature: \_\_\_\_\_

\*\*\*\*\*

I am a parent who is willing to volunteer some time taking photos, editing, distribution assistance of yearbooks, etc. Please write down your email address, name and phone number.
